***Find out what our clients  
have to say about their  
experiences with Skyline  
Drive Kennels – their  
feedback speaks volumes***

**KIMBER**  
**1 Year Old**

We couldn't have asked for a better experience. Shannon kept us informed throughout the entire process. Once the puppies were born, we received videos and pictures of them until the day we brought ours home.

We purchased our puppy from Shannon 2 years ago. After visiting several breeders, we immediately recognized the quality and care that went into Shannon's program. We have not been disappointed; Victor is now 2 years old and is a rockstar!

I appreciated being kept up to date on my pup until I picked him up. We do shed hunting, and for the past 2 years, we've also enjoyed dove and duck hunting.

My experience with Skyline was great. They were very responsive when I had questions about our new addition. She

is from the Remi and Hunter litter and just turned 2 in October. Kimber loves to be outside. Where we live, we have a large fenced-in yard, and during the spring and summer months, most of her day is spent in the backyard running and playing with my kids.
