

Remi

written by jerry | February 24, 2019

“A Tale of Versatility and Dedication. From shed hunting champion to therapy dog extraordinaire, Remi’s journey showcases the power of passion and purpose”

Remi, a shining star from the start, made her mark in the shed hunting world by qualifying for and attending the NASHDA World Championships in April 2014, just before her 1st birthday. In 2015, she claimed the coveted title of Junior World Champion. Beyond shed hunting, Remi holds a Senior Shed Hunting Title, CGC title, Therapy Dog Certification, and AKC Trick Dog beginner and novice titles. Renowned for her versatility, she excelled in conformation, winning Best in Show and Breed at AKC B Matches.

With two passes towards her started to hunt title through UKC, Remi showcased her hunting prowess. Retiring from shed hunting competitions in 2017, she continues wild shed hunting. After the 2020 shed season, Remi will be spayed and retire from breeding, leaving behind a legacy of excellence through two exceptional litters.

Despite retiring from breeding, Remi remains active in therapy work, school presentations, and shed hunting demonstrations, embodying service and dedication throughout her remarkable journey.
