At Skyline Drive Kennels, we're not just about dogs; we're about creating lifelong companions and invaluable partners. Situated in the heart of the scenic Skyline Drive, our kennel is more than just a breeding ground – it's a sanctuary where passion meets purpose.

LABRADOR PUPPY BREEDING: BEYOND THE ORDINARY

Imagine your next adventure partner, bounding through the wilderness with unmatched enthusiasm and unerring loyalty. That's the promise of our Labrador puppies. We meticulously select breeding pairs to ensure the highest standards of health, temperament, and intelligence. Whether you're a seasoned hunter seeking a reliable companion for shed hunting expeditions or a family looking for an energetic playmate, our puppies are bred to exceed your expectations. Come explore our available Labrador puppies and upcoming litters.

UNLEASHING THE DETECTIVES: DETECTION WORK REDEFINED

Ever wondered what lies beyond human perception? Our Labrador Retrievers are trained to unlock a world of hidden treasures and potential dangers. From the elusive antlers scattered in the woods to the subtle fluctuations in blood pressure, our dogs possess an unparalleled ability to detect and alert. They're not just sniffing out clues – they're safeguarding lives.

In our detection work, our Labrador Retrievers are trained to

locate a diverse range of items and conditions, including:

- Antlers
- Seizures
- Bed Bugs
- Blood Sugar Lows
- Changes in Blood Pressure
- Anxiety and Panic Attacks
- Media Devices
- Guns and Bombs

SERVICE DOG TRAINING: EMPATHY IN ACTION In a world where every step is a triumph, our service dogs stand as beacons of hope and support. Our Labrador Retrievers undergo specialized training to assist in various essential tasks:

- **Mobility Assistance:** Our service dogs provide support and assistance to individuals with mobility challenges, aiding them in navigating their environment with confidence.
- **Medical Alert:** Labrador Retrievers are adept at detecting changes in their handler's health, including alerting to impending seizures, blood sugar lows, and changes in blood pressure.
- **Emotional Support:** Providing comfort and emotional support is another crucial aspect of our service dog training. Our Labrador Retrievers offer unconditional companionship and assistance to individuals experiencing anxiety, panic attacks, or other emotional challenges.

THE SKYLINE DIFFERENCE: A TAIL-WAGGING TALE OF SUCCESS What sets Skyline Drive Kennels apart isn't just our expertise – it's our unwavering commitment to every dog that walks through our doors. We believe in nurturing not just skills, but souls. Our comprehensive training approach is rooted in positive reinforcement and personalized attention, ensuring that each

dog reaches their full potential while forging unbreakable bonds with their handlers.
